

"THORNY" is the littlest traveller in the trailer caravan and thinks Mexico is just the best place for getting new teeth because there's so much going on one just never notices the bother. "Thorny" is more formally known as Thorne Miller, he's from Elizabethtown, Pa., and mother and father who came along with him on the trailer tour are Myrtice and James Miller. Just behind Father Miller's right elbow you'll notice (if our photos come out better than usual) a large milk can in which the Millers transport "Thorny's" water supply.

"POP" RILEY of Phoenix, Ariz., pridefully shows Tommy Conn of Ft. Worth, Texas, his scrap book with photos and clippings covering his caravanning through Canada and on the fourth Byam caravan to Mexico. Fred "Pop" Riley was a railroader for fifty years and on retirement opened the famous Riley's restaurant in Phoenix. It burned, "Pop" sold out, and is having a wonderful time.

# It's Old Home Town Week at Trailersite

Scores of Mexico City residents played a game of license plates yesterday at the Loma Hermosa athletic field where the more than 200 trailers of the Fifth Byam Trailer Caravan to Mexico are "at home" this week. Looking for cars from the old home State and folks from the old home town provided a diverting afternoon for many and could have introduced the visitors from 38 States and from Canadian Provinces to the "abra-zo."

To help while away "San Lunas" we'll present a vest-pocket edition of this week's Anglo-American Directory of the residents of Loma Hermosa.

From California are the C. M. Annans of Modesto; Gustave Barths of Mendocino; the Ben
