

Proposed Constitutional Amendment to the WBCCI Constitution

I move that the Constitution of the Wally Byam Caravan Club International, Incorporated, Article I, Section 1 be amended as follows:

Strike the words “Caravan Club” in the second line, and insert the words “Airstream Association.” The second line would then read “shall be known as the Wally Byam Airstream Association International, Incorporated.”

I further move ~~that~~ the following Section be added to Article I, as Section 2:

This organization is an association of owners of Airstream Recreational Vehicles, and as such, is owned by its’ members, not by Airstream, Inc. or its’ parent corporation, Thor, Inc.

Rationale

The vast majority of members responding to a survey conducted by the IBT expressed a desire to have the name of Airstream in the name of the club. At the delegates meeting in Springfield, Missouri, a significant majority voted to change the name of the club. During the Delegates Meeting in Salem, Oregon, the majority of the delegates voted to effect a change, but it failed due to lack of a 2/3 majority. We believe the time has come to make this change, so we are submitting a name change which would retain the name of Wally Byam as apparently desired by the Delegates in Salem, but which would also add the name of Airstream, so we can take advantage of public recognition of the product name of Airstream.

The addition of a Section 2 as specified would clarify and affirm that the organization is not owned or controlled by Airstream or by Thor. Such specification will not prohibit beneficial association with Airstream or Thor.
