

27 going up the Smoky Valley (exquisite) to
 Manhattan, above and below. We did want to go on
 Belmont, but four wheel drive is needed.

Even Ann limps out for the last
 on the road great breakfast 8-28
 atop Scotts Summit just E of Austin
 Below is to old rock crushing mill
 on the West side of Austin.

8-28 through Austin enroute to Fallon. The old Episcopal Church and the old Court House.

The Scotts, Hoppings, Neills, Conners (Ann being in the trailer with her pains, poor girl), and the Perkins started & finished this great trip.

8-29/9-1 Fallon "Hearts Of Gold" Rally at Pres. Lee and 1st Lady Sue Brown's ranch. Above the valley rally area, and our rigs along the canal, below. Lee had put much effort into preparing the camp. We were joined there by the Browns, Speccio's and Burnham's.

Two great cooks, Fred and Howard, prepare the delicious steaks for the rally. They were brought out by the Burnhams. "Mmmm-GOOD" Below, the melons arrive. Also "Mmmm-GOOD".

Looking over nearby Soda Lake. So, a good rally and a great Mid-Nevada Caravan ends.

A final word of **praise** and **appreciation** for Howard

Albeit Marthalena is cautioning Howard to remove the axle properly and to be neat and tidy, He just goes on with the mechanical chore with great speed and precision.

Besides demonstrating Caravan leadership, doing all the Caravan breakfasts, he took care of our many mechanical breakdowns and kept us rolling. One morning Jenny Scott said: "Howard, our carpet is all wet". Next day we, the Hoppings, had wet carpet too. Howard removed both commodes finding the vacuum pressure valves defective, he bypassed them, and reinstalled both. In our center bath part of the wall had to be removed to take out the toilet. The carpets dried and stayed dry! Again Howard quickly installed a new fan clutch for our tow vehicle. Of course, after Ann was hurt, he did their inside trailer work too.

His "Aw, 'twas nothing", belies the great asset he was to this Caravan.

Howard, WE DO SO **THANK YOU**

Finally, you members who couldn't come along missed a lot of fun and great companionship. Pleasantly warm days and wonderful cool nights. The great Mid-Nevada mountain ranges and fabulous valleys. Nevada ghost towns and important history. A wonderful inexpensive Holiday.

Charlie Hopping
